

ARTIST MODEL 335

Introducing the new FoxlRenard Artist Model 335 — a beautifully hand-crafted, Grenadilla wood oboe for the serious student. This modified conservatory oboe includes the left F and low B-flat standard on every Fox or Renard oboe, as well as the third octave and low B-flat resonance keys. Third octave, trill and B tone holes in the upper joint contain hard rubber inserts for stability, so you can confidently put a wooden oboe in the hands of your promising protégé. The Artist Model 335 will accommodate the advancing musician to grow in both sound production and technical facility.
